Keep Stockwell Beautiful wins National Award

Well, if you have not heard by now.....WE WON first place in our population category of 50,000 or less. This award is the highest award that Keep America Beautiful bestows on their Affiliates.

Kris Ziller, and her husband David, traveled to Washington, D.C. to accept the award.

While there, Kris was asked to lead a panel discussion on developing an "award winning" report. There were over 200 in attendance for the panel presentation.

The award will travel to various areas in Stockwell before a permanent home is decided upon. Currently, the plaque is residing with the Cole Cubs.

KSB also received the President's Circle award at the conference. This award is for all Affiliates who meet all the paperwork and deadline requirements and remain in "Good Standing." KSB has received this award every year since it became an Affiliate.
